Rear Axle Skid Plate

Our all new Rear Axle Skid Plate is designed specifically for the Mercedes-Benz Sprinter 4x4 and features:

- Aluminum Construction
- Baja Tough
- Corrosion Resistant
- Correct Fit
- Easy Installation (less than 30 mins.)
- Fits Sprinter 2500 4x4 from 2007 to current
- One SKU fits most Sprinters
- Limited Lifetime Warranty

USA assembly for superior quality.

The factory rear differential cover is subject to damage without a skid plate. We designed this product when one of our customers came in with a leaking differential after a weekend of exploring.

At Specialized Applications, we continue to develop useful, high-quality accessories and enhancements for the Mercedes-Benz Sprinter.

Damage to your rear axle cover can cause leaks and failure resulting in costly repair bills or even costlier replacement. Protect your investment and give yourself peace of mind.
