

Retractable Rear Bumper Step for the Ford *TRANSIT*

DROP STEP by **Specialized**
APPLICATIONS
www.specializedapplications.com

Step on to lower. Step drops down to provide improved access and safety. A nudge from your foot and the step retracts under the bumper where it stays clean and protected.

Finally - problem solved for anyone who needs to get in and out of the back of their Ford Transit.

Our all new Retracting Rear Bumper Step is designed specifically for the Ford Transit and features:

- Lowest step in height.
- 400 lb load rate
- 3 year warranty coverage
- 6 ½" deep step tread
- Textured non-skid safety surface
- Vibration-proof design with locking detent and rubber isolators for noise-free travel
- Highly durable manual operation for reliable, maintenance-free, heavy duty service

USA assembly for superior quality

High visibility color available by special order.

A lower step is safer and easier on the back and knees!

At Specialized Applications we continue to develop useful, high quality accessories and enhancements for the Ford Transit.
